Date: 05/11/09

To Whom It May Concern:

It has been a pleasure working with Gail and I am more than happy to recommend Gail and Interior Design & CAD Workshops.

Gail came to my attention through an existing industry link and we contacted Gail to help us provide one to one cad training.

Gail provided cad training over a 4 day period and remained flexible to our needs when we asking to have a break between the training days allowing our staff to fully take on board the topics learnt.

Gail works with a patient well mannered and considered approach not to mention a good sense of humour and helped us gain a logical approach to our cad system from templating to PDF creation.

Gail is always on hand to answer queries with a 'no problem' attitude.

Great credit to Gail and I trust that Gail could provide a great service for any company using Cad.

Yours Sincerely,

Spencer Pankow
Operations Director
